

### Introduction

A new careers team is now in place at The Garibaldi School and our main aim is to drive aspirations of all students, across each year group, by developing a programme of careers education, information, and providing bespoke guidance and advice to all.

### Overview

Careers Education Information Advice and Guidance (CEIAG) at The Garibaldi School starts in Year 7 and continues through until Year 13. It is our vision that all students on leaving The Garibaldi School at the end of either Year 11 or 13 will have the skills, attitudes, qualities, behaviours and self-confidence to plan their future careers. Students will follow the career pathway that best suits their individual needs and aspirations and allows them to fulfil their true potential.

It is our vision that all students will be provided with independent and impartial guidance from a variety of sources throughout KS3, KS4 and Post 16. Their learning will be progressive and they will link their subjects to a variety of careers. The Garibaldi School students will work with their mentors and class teachers on enhancing their personal development and setting individual targets.

PSCHE at The Garibaldi School is an aspirational and inclusive programme for every student and delivered through individual lessons, study period sessions, workshops and outside agency visitors and assemblies. It encompasses careers education, SMSC, PSCHE and Fundamental British Values. Work experience in Year 10 and 12 and visits to Colleges and Universities; take place throughout the year to raise the aspirations of all students. There are a number of opportunities for colleges, universities and other providers to engage with our students to raise aspirations and provide advice. Further workshops and opportunities are available for vulnerable groups of students where necessary. Regular advice is given at Key Stage 4 on post 16 provision at The Garibaldi School, including entry requirements, writing letters of application and career progression.

Our vision at The Garibaldi School, is for our careers programme to be effective in supporting the self-development and career exploration to ensure that our students understand themselves and the influence upon them. Students are sign posted to resources both physical and electronic, to also develop their independence in career and future planning.

This year, a Garibaldi School Alumni, will be established in order to use previous students to discuss their careers with our current students to raise aspiration and to advise on their career paths so far.
