Dear Parent/Carer

Re: 'Maths Watch' Revision Resource

In light of the fact that there are only 11 school weeks left until the first Maths GCSE exam paper, I would like to remind you that your child has access to 'Maths Watch' for revision at home.

Your child was issued with a login when they joined The Garibaldi School in year 7, which hasn't changed, but I thought it would be a good time to remind them to use this great revision facility.

For example year 11 student John Smith would log into 'Maths Watch' as:

Jsmith2014@garibaldi

The password was originally set for all students as **maths99** (though they may have changed this). If your child has forgotten their password, please ask them to speak with their Maths teacher, who will be happy to reset it for them.

Please encourage your child to use 'Maths Watch' to aid their Maths revision at this crucial time.

Yours sincerely

J Walker
